

1920s reminiscence at Princess Christian Care Home

Remembering the 1920s

On Wednesday 16 August we had a 1920s reminiscence session here at Princess Christian Care Home.

Our ladies made some **1920s feathered head bands** and looked wonderful in them as they posed for photos. They also enjoyed looking through different pictures of **fashion, hair styles and food from the era**. Finally, we watched some **1920s dancing** on our jolly trolley which a lot of our residents had fun remembering.

Welcome back Banana!

Our lovely little **tortoise Banana woke up from her hibernation** last week and our ladies and gents were very happy to see her again.

She visited our residents in our three units to say hello and bring **lots of smiles**.
