

## Art club and Buttons the cat at Princess Christian Care Home

**Our lovely residents at Princess Christian Care Home have been getting creative recently.**

They've made some **fantastic decorations** to hang in our bird feeder igloo outside, as well as some **toadstools** for our indoor crazy golf pitch – which looks like being very crazy now with these multi-coloured obstacles! Our **hanging butterflies** look quite splendid too.

We introduced a new member to our Well-Being Team last week; we now have a very **lifelike cat who will join our sensory sessions** along with doll therapy. *He looks very lifelike, but our Home cat Buttons didn't seem impressed with him, so took himself off to the garden to have cuddles with his good friend Doreen!*
