

Arts, travel and games at Princess Christian Care Home

Last week, our Princess Christian Care Home residents enjoyed crafting a large paper tree display in our craft workshop – and what a great job they made of it!

They have been painting different birds and putting them in the tree, which look great! This is a wonderful backdrop for the '**Big Garden Birdwatch**' at the end of this week.

On Tuesday 18 January we **visited Croatia with our armchair travel group** and all our residents found it very interesting. We made a display of postcards and the Croatian flag. What a beautiful destination! Our next country will be Australia, which we are all looking forward to.

Haley our Resident Liaison Officer and **Carol** our Activities Supervisor had great fun on Thursday **playing musical football and balloon tennis** with our lovely residents, who were very skilful!
