

Bird spotting and colouring at Princess Christian Care Home

Our residents really got into the spirit of the RSPB's Big Garden Bird Watch at the weekend here at Princess Christian Care Home.

We printed off **photographs of birds** that we were likely to see in our gardens and our ladies and gents were very good at **spotting** all the different varieties and counting each one they saw.

Some of our residents enjoyed **colouring pictures of birds** and were very proud to see their handiwork displayed on our walls.

Totty our Home cat sat on Doreen's lap, keeping one eye on all the birds and *one eye on her biscuit!*
