

Birdwatching and bird crafts at Princess Christian Care Home

Feathered fun

Our residents at Princess Christian Care Home all got involved with The Big Garden Birdwatch recently and enjoyed spotting different birds in our gardens.

We made sure all our **bird feeders** were full so we could spot as many as we could; a **blue tit** was by far the most popular bird we spotted.

Our residents also enjoyed **painting with bird stencils on to canvas bags**. The results were great – *what a talented group of residents we have!*

Puzzles and games

We do love a good jigsaw at our Home and **our residents enjoy a puzzle challenge**. Our determined residents Jean and Bruce were very happy to complete one together, whilst our dear resident John was on top form **playing giant table noughts and crosses** with staff...*he beat us all!*
