

Bottle shoot out at Princess Christian Care Home

Target practice

Our residents here at Princess Christian Care Home were getting serious the other day when we decided to have a few games of shoot-out in the lounge.

They were trying to shoot bottles off the table; They got a little competitive with each other but also encouraged each other too, which was lovely to see.

Even our Carers had a go, but they couldn't beat the residents; *Better luck next time!*

Dominoes and cards

We've had some fun and games here at **Princess Christian** this week, from playing dominoes, to learning a new card game. These games are good for cognitive skills as they must count and add numbers together.
