

## Celebrating Iranian New Year at Princess Christian Care Home

On Sunday 20 March we celebrated Iranian New Year along with a couple of our Iranian residents and their family members here at Princess Christian Care Home.

**Nowruz** marks the beginning of the spring season and has been celebrated for over 3000 years.

As part of the **celebrations**, it is custom to have a table filled with *Haft-sin* which are a collection of seven items that symbolise a different hope for the new year.

Our residents enjoyed learning about the **Iranian New Year** and are looking forward to our next armchair travel experience.
