

Celebrating Kitchen Team successes at Princess Christian Care Home

Mario Taherian, Registered Manager for Princess Christian Care Home, and Adrian Silaghi, Catering Services Manager for Nellsar, are extremely proud of the Kitchen Team for their outstanding contribution to the food and dining services for our residents. Their level of care and dedication to their role is exemplary.

Congratulations to Chef Cristian!

Last week marked a proud moment for the team as Head Chef Cosmin Cristea presented **Cristian Pitic** with his certificate marking the **completion of his Production Chef NVQ Level 2 qualification.**

Congratulations Cristian – we are honoured to have you as a Chef in the Princess Christian Kitchen!

Five Star food standard

Following an unannounced inspection from the **Food Standards Agency** on Monday 12 April, the **Home** was delighted to be awarded a **maximum level 5 star rating for food hygiene.**

This came as no real surprise because the Kitchen consistently operates at an extremely high level of proficiency and cleanliness, but it is great recognition for their hard work and dedication to the **highest level of food service for their residents.**

Manager Mario took the opportunity to express his gratitude to the team and thanked them with pizza and a heart-warming speech in the back garden. Staff also received a thank you card and voucher for all their continued efforts.

Well done team!
