

## Cheesecakes and a sensory game at Princess Christian Care Home

### Cooking Club

Last week our residents at Princess Christian Care Home made lemon cheesecakes together in our Cooking Club.

The session was great fun and our **trainee Chefs** ended up making enough for the whole unit! Everybody agreed that they were very tasty indeed. *Keep up the great work!*

### Sensory game

One of our new activity games is '**Guess what's in the box!**'. Our residents have to guess what their hands are touching without being able to see. *As you can see from Mabel's expression, the shaving foam was a surprise!*

Great fun and a super sensory experience.
