

DIY Club at Princess Christian Care Home

On Thursday 15 September our DIY Club at Princess Christian Care Home started up again with Martin our Maintenance Man.

Our residents have been enjoying **getting a trolley ready** for when we will be able to use it for going around our rooms.

Our gents painted on an **undercoat in preparation for colour next week**. They also reminisced about when they used to do DIY around their own homes and how they enjoyed it. *Great work gents!*
