

## Games and Pet Therapy at Princess Christian Care Home

### Basketball

We had a great basketball session this week in our Bisley Unit here at Princess Christian Care Home. What a talented group of residents we have; our ladies certainly gave our gents a run for their money!

Our lovely **Pat** was so happy to have won, she gave herself a big cheer! Everyone is looking forward to our summer Olympics...roll on the sunshine!

### Pets

As the weather has warmed up, we brought our **tortoise Banana** in to meet our residents. We had a very positive response from our lovely ladies and gents; who knew that so many had had tortoises as pets when they were younger!

**Candy, one of our Guinea pigs**, was very popular too and had treats fed to him as well as cuddles. It's so wonderful to see the engagement and affection our residents have for our wonderful pets.

### Fish fun

We introduced a **new fishing game** to our dear residents last week, and what fun they had!

There were fish, as well as ducks, floating in buckets which our residents had to **catch with their rods**, which caused lots of laughter. *We had a few cheat moves, not mentioning any names!*

## Snakes and ladders

We have been playing lots of **giant snakes and ladders** with our ladies and gents and we have been having teams from each of our Units playing against each other, which is great fun. This is always a popular activity and there's always lots of laughter to be heard as we take it in turns to roll the dice.

## Buttons

Our new Home cat **Buttons** has been with us a month now and has settled in very well. He has found his favourite spot in the garden where he likes to sunbathe and has enjoyed **lots of cuddles** with our residents.
