

Peeling great at Princess Christian Care Home

Cooking with Cosmin – peeling vegetables

One thing is for sure, our residents at Princess Christian Care Home really do enjoy culinary activities. Head Chef Cosmin created the wonderful **Cooking with Cosmin** classes two years ago for this very reason!

From perfect pizzas to fruit kebabs, and soup to sarnies, our residents love getting creative with food and **preparing vegetables for a delicious soup** was the latest exercise on the menu.

During our **Cooking with Cosmin** class on Friday 19 August, our residents had the opportunity to use their **peeling and prepping skills** while helping out Head Chef Cosmin.

John, Ann and Pam did a great job of peeling and **chopping up potatoes, carrots and celery**, with the help and support of staff members **Amalia and Amber**.

As usual, at the end of the class, our residents received their **well-earned 'Chef in Training' certificate** signed by Cosmin – *a proud moment indeed!*
