

Pet Therapy and favourite music at Princess Christian Care Home

Here at Princess Christian Care Home our residents have been enjoying daily Pet Therapy sessions, including visits from Truffles our bunny who always gives great cuddles!

It's very important to our residents that they are able to listen or watch media from their own culture. Our lovely **Ameneh has been listening to her favourite Iranian music** on our iPad, which is great to see as it brings her so much joy. We will also be celebrating Nowruz next month which is the Iranian New Year.

Truffle cuddles!
