

Picasso painting at Princess Christian Care Home

On Wednesday 9 February we took a virtual trip to Italy with some armchair travel here at Princess Christian Care Home.

Our lovely residents tried their hand at **Picasso-style painting** in the morning and the results were really impressive!

In the afternoon we gathered around our television, sat back and enjoyed watching 'Travel to Italy' - a program which takes you to different destinations in Italy. We learned a lot about Italian culture, food and drink which was fascinating.

Roll on the next destination!
