

Princess Christian Care Home receive a heartfelt thank you

Marion Taherian, General Registered Manager at Princess Christine Care Home in Knaphill, Woking was delighted to receive an email of thanks from a nearby resident last week:

"To all the Staff at Princess Christian."

A group of children and their parents from a local preschool wanted to take the opportunity to make something to thank the people who have helped during Coronavirus - the Corona Heroes.

They would like to recognise you all as Corona heroes for all the work you have done and continue to do in providing vital services to the community and to vulnerable people.

Thank you for the amazing job that you do every day. The difference you make to people is immeasurable and is hugely deserving of recognition. Thank you."

The lady who sent this email (Sarah) attached a beautiful montage showing the children's colourful creations including tissue paper rainbows, a fingerprint painted rainbow, a rainbow cake, robot costumes, caterpillars, pipe-cleaner animals, a paper-plate ladybird and a rocket ship!

We feel very humbled by this wonderful message and the children's uplifting artwork. We thank *you!*
