

## Princess Christian Care Home residents create delicious cream cones

**During our Cooking club last week at Princess Christian Care Home, we came together to construct some mouth watering chocolate and vanilla cream cones.**

Our resident 'Chefs in training' were **Desmond, Brian, Bruce** and **Ameneh** who expertly wrapped strips of pastry around metal cones to form the familiar shape.

Ably assisted by **Carol** and **Olivia** from our Recreation and Well-Being Team, the group made a tray of cones which were lightly baked to make them delightfully crisp and filled with chocolate and vanilla cream.

*They looked fantastic and tasted heavenly! Well done everyone!*

Starting from our next Cooking club session, all our resident participants will receive a **certificate and badge** at the end of the class.
