

## Princess Christian Care Home residents enjoy blue skies at a local park

**On Friday 25 June we enjoyed our second visit out to our local park with our residents at Princess Christian Care Home.**

We managed to see some **baby cygnets** with their parents, as well as a variety of different **ducks and geese**. We also met a very friendly German sheppard puppy, who found our wheelchairs very exciting!

It really is a beautiful place to walk around and our residents enjoyed the blue skies and fresh air. We stopped for **refreshments** before heading home in time for lunch.

*We're already looking forward to our next trip!*
