

Princess Christian Care Home residents enjoy relaxing in their garden

We have a lovely new Buddha water feature in our garden at Princess Christian Care Home which was kindly donated to us. It has found a home by our veranda and our residents say it is so relaxing sitting outside listening to the fountain whilst having tea.

One of our Recreation and Well-Being Team, Lucy, has also recycled some squash bottles and our ladies and gents had fun painting them in bright colours and filling them with **plants** before hanging outside – they look so pretty.

We've been playing games of **skittles** on our veranda and in this warm weather have enjoyed cooling down with **ice lollies and ice-cream**.

And we had a **birthday** last week. **Micheal** from our **Knaphill Unit** enjoyed opening his presents and our Catering Team made a delicious celebration cake as always. *Many happy returns Michael!*
