

Princess Christian Care Home residents make cheese straws with Cosmin

What a delight it was to work with our Trainee Chefs last week in another 'Cooking with Cosmin' class here at Princess Christian Care Home.

This time our residents made **cheese straws** for the 'big match' at the weekend. They spent time combining the ingredients and shaping the straws – *they looked very professional!*

As always, **Chef Cosmin** was on hand to offer guidance and was **a great teacher**.

The finished straws were fantastic and very tasty – a shame that England didn't win the football, but at least we had these lovely snacks to accompany the game!

Our amazing cheese straws!
