

Princess Christian Care Home residents make festive pastry

On Friday 9 December, our Activities Team held a cooking session for our residents here at Princess Christian Care Home.

The group made pastry Christmas shapes together, filled with **chocolate spread** or **jam filling**.

First, they spread the chocolate or jam onto the pastry, then layered it with another piece of pastry on top. They then cut it into **Christmas trees** or other shapes such as a **snowflakes, stars** or **ginger bread houses**.

They all had a great time being creative and the finished baked pastries looked amazing and tasted delicious!

We all enjoyed making these festive treats!
