

Princess Christian Care Home residents receive Christmas cards from local preschool

Our local pre-school children sent our Princess Christian Care Home residents – all 86 of them! – some wonderful handmade Christmas cards.

As you can see from the smiley faces of our lovely residents, they were all very **happy to receive them**.

We also had some **festive decorations made from salt dough** which we hung up on our trees, which look beautiful.

Huge thank you to our wonderful Bright Horizons pre-school children for thinking of us.
