

## **Princess Christian Care Home turns pink for Breast Cancer Awareness**

**We had a great time on Friday 21 October at Princess Christian Care Home promoting Breast Cancer Awareness Month, a very important cause that we wanted to highlight to staff, friends and family.**

We decorated our trolley with **pink decorations** (plus some bras filled with balloons!) and we had printed off **Breast Awareness information packs** for anyone to take and read.

Our lovely ladies and gents **decorated some delicious muffins and cookies with pink toppings** and we made pink fruit juices too. Plus our residents made up some **lovely flower jars** for our Breast Cancer Awareness Day display.

We had a great time playing **flamingo ring toss** with Carol from our Activities Team, who bravely wore it on her head for everyone to aim at! *Well done Carol!*

***A great day supporting an important charity.***
