

Residents enjoy garden boules at Princess Christian Care Home

Yesterday we had a friendly game of garden boules in our front garden here at Princess Christian Care Home.

All our residents played well and said what a great time they were having, as they tested their **hand-eye coordination skills**.

We even had our Manager Mario pop along to try his luck – but with years of experience from some of our residents, not even he could beat them!

Better luck next time Mario! *Get practising!*
