

Sun traps and sun hats at Princess Christian Care Home

The sun has got his hat on!

The sun has been out and our residents here at Princess Christian Care Home have been enjoying the lovely weather. We've been making the most of it by having tea in the courtyard and taking silly selfies!

Our residents have also been relaxing in the sunny back garden and a few of our ladies enjoyed a game of table tennis. One of our new residents, John, likes to visit the chickens everyday – he loves to be out in the fresh air. He is looking forward to gardening club and bringing some colour to the gardens.
