

## Sunflowers and smiles at Princess Christian Care Home

**We are excited to have started our sunflower growing competition at Princess Christian Care Home.**

The first seeds have been planted by residents in our **Pirbright Unit** so the competition has begun! The ladies and gents in **Bisley** and **Knaphill** will be planting theirs today.

Our residents really enjoyed being out in the garden and Nancy is getting to be a dab hand at watering duties!

We are very lucky to have such lovely gardens here and we try to get as many of our residents out to visit them; we have even been doing some 'musical gym' outside as the weather has been so lovely.

*Long may it last!*
