

Troublesome pirates arrive in Princess Christian Care Home

Our lovely residents having been painting Spanish pictures and making bunting and decorations, all ready for our arrival in Spain this week here at Princess Christian Care Home.

Last Friday we ran into some **pirate trouble on the high seas!** We awoke to find a grim and blood-thirsty-looking gang of delinquents boarding our ship!

Well, they were no match for our Captain and his team. Armed with his trusty catapult, he soon made short work of them all and they surrendered very quicklyespecially after a killer stare from our Director of Operations Glenda who was also armed with a mop and bucket!!

Hands were shaken all round and we all had a super day with lots of rum and friendships formed!

Spain look out, we're on our way!

Our pirate crew!
